PERSONAL INSIGHT

The Joy of Banking

Piyush Gupta, CEO and Director of DBS Group, believes banks should be making a positive impact on the world. 39

WIDER INSIGHT

How I Learned to Stop Worrying and Love the Bomb

Ryan Fritsch finds being a bomb disposal technician was good training for business minefields. 67

EDITORIAL

4 Antonio Argandoña notes that if you want to change, then you have to do things differently.

MY INSIGHT

- 5** Nuria Chinchilla offers seven recommendations to promote gender equality based on the findings of the first IESE Women in Leadership (I-WIL) Index.
- 6** Sonal Shah asks how we can make data into a public good that will help provide better services to society.

EARLY INSIGHT

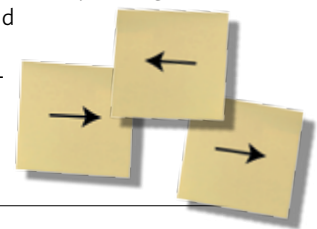

7 Food and beverage sector challenges; managing the backlash against globalization; using the wisdom of the crowd to predict tastes; an operations model for museums; Europe at top of smart cities index; how racial integration amplifies the benefits of VC; why salaries are stagnating.

■ **How Design Can Boost Social Impact and Business Results**

Manuel E. Sosa discusses how companies can build a design culture that is profitable and solves complex social challenges, often in surprising ways. 24

■ **Got an Idea for Your Business? Test Your Assumptions!**

Jeanne M. Liedtka highlights three common challenges that arise when companies get ahead of themselves, and suggests how they can still leverage the design-thinking model to test assumptions and get back on track. 32

EXPERT INSIGHT

44 Unleashing the Power of Purpose

John Almandoz, Yih-Teen Lee and Alberto Ribera describe the qualities of purpose-driven leadership, which is about aspiring to a higher, other-centered goal.

54 Harnessing the Crowd in the Age of the Machine

Andrew McAfee unpacks six core principles for making the most of crowd-based co-creation: human abilities still matter.

DEEP INSIGHT

Transformation Through Design Thinking

Design thinking is a vital tool for growth and innovation. This dossier shows you how to use it successfully.

■ **From Identifying Needs to Generating Opportunities**

Joaquim Vilà and Xavier Camps share a practical method for discovering the latent needs of users so that companies can generate new opportunities. 15

BUSINESS INSIGHT

62 Amazon: Where Are the Limits Before It Fails to Deliver?

Executives consider whether Amazon's customer-centric strategy could be its undoing.

LAST INSIGHT

72 Beware of Your Mental Traps

Paddy Miller says next time you're locked in a polarizing debate, consider the work of Kahneman and Tversky.
